

Construction Materials Testing (CMT) Field Technician – Full-time Seasonal or Internship

Who we are:

NTS Environmental Science and Engineering offers a broad spectrum of environmental services, including consulting, engineering, engineering support, and data management to a wide range of clients around the Iron Range in northern Minnesota. NTS is proud to provide an employee-driven culture that fosters professional development and growth. Integrity, safety, client-focus, and excellence underline all we do. We offer a competitive pay and benefits package and opportunity for advancement.

Position Description:

NTS is seeking a Seasonal or Intern Construction Materials Testing (CMT) Field Technician to join our team! This is a temporary position beginning in May. Primary accountabilities include, but are not limited to:

- Collect samples from various construction and mining sites;
- Perform detailed record keeping of site and sample information;
- Conduct compaction tests for soil density, including safe handling of the nuclear device;
- Conduct field concrete tests, including temperature, air content, slump, and cylinder creation;
- Create appropriate reports on the computer;
- Maintain all equipment used in the field; and
- Follow all NTS safety rules and regulations and maintain a professional demeanor as a steward of the company.

Qualifications:

- Ability to use basic computer software, including Word and Excel, to complete reports
- Ability to work outdoors in a variety of conditions and lift 50 pounds regularly throughout the day
- Flexible, full-time availability to accommodate some longer days
- Valid driver's license with clean driving record
- Safety focus and attention to detail.
- High school diploma or equivalent
- Intern applicants should be enrolled in a relevant degree program such as, but not limited to, Civil Engineering Technician or Civil Engineering
