

Engineer or EIT

Who we are:

NTS Environmental Science and Engineering offers a broad spectrum of environmental services, including consulting, engineering, engineering support, and data management to a wide range of clients around the Iron Range in northern Minnesota. NTS is proud to provide an employee-driven culture that fosters professional development and growth. Integrity, safety, client-focus, and excellence underline all we do. We offer a competitive pay and benefits package and opportunity for advancement.

Position Description:

NTS is seeking an Engineer or EIT. Primary accountabilities include, but are not limited to:

- The preparation of permit applications and other related documents;
- Regulatory analysis and compliance for a variety of clients;
- Assist and support Project Managers with project planning and permitting;
- Administer and support field work programs to allow and improve work flow efficiencies;
- Maintain defensible field instrument calibration and service documentation;
- Perform field work;
- Build and maintain strong, collaborative relationships with clients and NTS staff;
- Maintain accurate day timer, field log books, and other time records as required to satisfy all recordkeeping requirements; and
- Support the NTS safety program through safe work practices, policy adherence and hazard reporting, and wearing appropriate PPE.

Qualifications:

- Bachelor's degree in chemical or environmental engineering, or similar discipline
- Familiarity with permitting, environmental compliance, and water resource investigation
- Familiarity with the design, operation, and maintenance of water treatment, waste containment, and other environmental control systems
- Knowledge of Federal and State regulatory guidelines
- Must be highly detail-oriented
- Strong desire for continued learning and professional growth
- Willingness to work outdoors in all types of conditions if needed
- Valid driver's license
