

Environmental Engineer or Hydrogeologist

Who we are:

NTS Environmental Science and Engineering offers a broad spectrum of environmental services, including consulting, engineering, engineering support, and data management to a wide range of clients around the Iron Range in northern Minnesota. NTS is proud to provide an employee-driven culture that fosters professional development and growth. Integrity, safety, client-focus, and excellence underline all we do. We offer a competitive pay and benefits package, flexibility, and opportunity for advancement.

Position Description:

NTS is seeking an Environmental Engineer with strengths in hydrogeology or hydrogeochemistry or a Hydrogeologist. Primary accountabilities include, but are not limited to:

- Groundwater modeling, groundwater quality assessments, and contaminant transport for projects related to contaminated sites;
- Environmental permit management, regulatory analysis and compliance;
- Build and maintain strong, collaborative relationships with clients and NTS staff; and
- Support the NTS safety program through safe work practices, policy adherence and hazard reporting, and wearing appropriate PPE.

Qualifications:

- Bachelor's or Master's degree in Environmental Engineering with strengths in hydrogeology and hydrogeochemistry
- Familiarity with permitting, environmental compliance, and water resource investigation
- Knowledge of Federal and State regulatory guidelines
- Must be highly detail-oriented
- Strong desire for continued learning and professional growth
- Willingness to work outdoors in all types of conditions
- Valid driver's license
